

Ford

THE UNIVERSAL CAR

The Ford One Ton Truck may well be classed as an agricultural necessity, it fits into and fills so many wants on the farm. It is a reliable bearer of farm burdens, not only doing the work of several horses quicker and better than the horse, and does not "eat its head off" when not working. The aggressive farmer has only to consider the possibilities of the Ford Truck and he is ready to buy one. We judge this to be so from the way farmers are buying them. Truck Chassis \$550 f. o. b. CALEDONIA.

(From Last Wednesday's Edition.)

The people of Caledonia and vicinity were treated to a rare bit of oratory on last Friday, the 27th, by Hon. Lee M. Russell and Hon. Oscar Johnson, candidates for Governor. They held their hearers spell bound for three hours.

They spoke at the Presbyterian church, which was packed, and a great many standing. Despite the fact that the picnic planned for the occasion was unceremoniously called off at the request of a number of citizens, and the further fact that the weather was extremely bad, a large crowd of voters, and also a good number of ladies thronged every nook and corner of the church, eager to listen to the joint debate between these two distinguished gentlemen. Mr. Russell spoke an hour and thirty minutes, followed by Mr. Johnson, in a speech of an hour and forty-five minutes. They were greeted with applause through their entire speeches. It was generally conceded by all present, friend or foe, that they are fine debaters. They both discussed the principles and issues which they stand for.

At the close of the debate, Hon. G. J. Rencher, and Mr. W. B. Lucas, candidates for the office of District Attorney, made short talks, announcing their candidacy. Every one in the large crowd seemed to enjoy the day splendidly.

There was quite a large crowd of the leading citizens of Columbus and also from the Prairie Section to hear the joint debate. Among the number was one of the oldest and most popular lawyers of the Columbus bar, General E. T. Sykes. The General numbers his friends by the hundreds all over the state, and we feel highly honored by having him with us on last Friday.

Remember Sunday is the all day Old Sacred harp singing, at Elbethel. Get all of the old time books of the community, and also plenty of dinner, as this promises to be the biggest old time singing of the season. We extend a cordial invitation to the writer from Dan to Beersheba, to come as this is the oldest church in the county, as its history dates back to the pioneer days of the county, when Lowndes and Monroe formed one county.

The mid-summer term of the Caledonia high school will re-open on Monday, July 7th, with Miss Birdie Molloy as principal. She is considered one of the leading educators of the state, as she has spent the past twenty years in the school room. All the pupils are urged to take advantage of this school. It is hoped that there will be a full attendance.

Works Like a Hoe

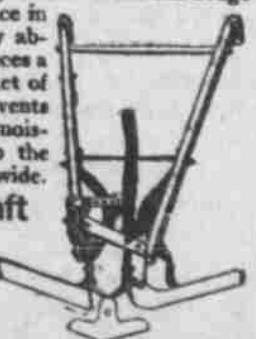

Covers 8 Acres a Day

It does as good work as you can do with a hoe—it cuts every weed—None can dodge it—Keeps the surface in condition to readily absorb rain and produces a smooth or dirt blanket of fine soil which prevents the escape of soil moisture. One trip to the row—narrow or wide.

The Light Draft

Fowler

Cultivator

With one horse The Fowler does as much work as you can do with a two-horse cultivator—and better work—because it cultivates shallow—has no prongs or teeth to destroy or disturb the crop roots. By removing plow feet you can cultivate outside the row. Can also be adjusted to cultivate crops planted either above or below the level without destroying the sloping sides of the ridges.

It's the cultivator for corn, potatoes, beets, turnips, cucumbers and other crops planted in rows. It is unexcelled also as a Bean Harvester.

PLANS FOR ROAD ARE APPROVED

Federal Authorities Approve Pickensville Road Specifications.

The United States Department of Good Roads has approved plans and specifications for the Pickensville road which will soon be improved with government aid. This information came officially to Mr. F. M. Vaughn, chairman of the road commission, which has charge of the Pickensville road project.

This means that work will begin on the construction of the road just as soon as bids can be received and contracts awarded. It is expected that the board of supervisors will authorize the commissioners to ask for bids at the July meeting this week.

Under the plans and specifications the Federal aid will equal the amount to be expended by the district which is \$10,000, the amount having been authorized in a special election held some weeks ago.

The plans call for the improvement of the Pickensville road from a point northeast of the Thomas place to the Alabama State line, a distance of nearly eight miles.

It is expected that the road will be constructed and ready for use by early fall. The commissioners of the district are Messrs. H. L. Davis, E. Randle and Dr. F. M. Vaughn.

Coming to Columbus, Miss. The Associated Doctors. SPECIALISTS

Will be at Commercial Hotel on Friday July 11th FOR ONE DAY ONLY Wonderful Results—Marvelous Demonstration in Chronic Disease Cases by Their New System Treatment. OFFER SERVICES FREE OF CHARGE.

The Associated Doctors, Specialists, licensed by the State of Mississippi, and who have met with such phenomenal success throughout the entire Southeast, will be in Columbus Mississippi, on Friday, July 11th, 1919, at the Commercial Hotel for one day only to demonstrate their new system of treatment of chronic disease cases.

This will indeed be good news to those who find it convenient to visit the central laboratories in Birmingham, located at Suite 311-12 Lyric Theatre Building, where the organization has Southern headquarters. These regular, reputable physicians believe that the combined skill of several trained specialists in chronic disease cases can accomplish more than one doctor alone—in other words in unity there is strength.

The offer to treat all who call on this visit absolutely free, is their original method of getting their system of treatment before the public quicker, and no one rich or white or colored, should neglect to take advantage of their very liberal offer. ABSOLUTELY FREE, medicine excepted. (No cutting—No Knife.)

It makes no difference how many doctors you have consulted or how many patent medicines you have taken, you cannot afford to miss this opportunity of ascertaining your exact condition and being advised. No one should require further lists than the following:

Square Cheatham, Belling Ala., writes: "I had rheumatism for over two years and walked with a stick. After taking the first dose of your medicine I threw away my stick. Your remedy has done the work and I am now a well man, thanks to the Associated Doctors."

Ira Craig, Greenville, Ala., writes: "I am doing very well. My foot is healing, although I am compelled to"

writes: "I am free from rheumatic pain since commencing your treatment."

Thomas Marshall, Chapman, Ala., writes: "I feel I don't need the full eight weeks you prescribed."

Mrs. Margaret W. Rogers, Georgiana, Ala., writes: "I have been using your remedies prescribed near 3 weeks and am feeling much better." Rev. B. L. Fletcher, Camalia, Ga., writes: "I am a new man; eat well, sleep well and feel like a man in my prime. I want to thank you and my dear wife also wants to thank you, for she is so proud of my improvement."

Now that you know the truth, you have only yourself to blame if you continue to suffer from Piles, Kidney

NEW ENGINEER AT WATER WORKS

Mr. Jim Ellis was elected engineer at the city water works at the city council meeting the past week, succeeding Mr. Ray Waters.

Mr. Waters appeared before the council and asked for a material increase in salary, stating that he had an offer of a position which would pay him much more than his present position.

A motion by one of the councilmen gave Mr. Waters' proposition the status of a resignation and it was accepted unanimously, and Mr. Ellis was elected to succeed him.

Mr. Ellis is a very competent and

skilled mechanic. He held the position of engineer at the water plant several years ago. He will take charge the middle of July.

Mr. T. N. Hollingsworth and family, of Corpus Christi, Texas are visiting in Columbus, guests of Mr. Hollingsworth's brother, Dr. S. L. Hollingsworth.

CASTEEL COMING HERE.

Senator J. H. Casteel, candidate for Lieutenant Governor of Mississippi, is expected to visit Columbus and Lowndes county about the middle of this month. He expects to fill a number of speaking engagements in this section and his itinerary and speaking dates will be announced later.
